## Care Management Attestation 2020

### Purpose:

- Monitor, track and understand how physician organizations are deploying and using Care Team Members in practice.
- Incentivize practices and physician organizations for tracking and reporting the number of patient interactions per care team member.
- Determine the approaches to care management that are most effective in improving clinical and utilization outcomes.

## Care Management Attestation 2020

### Data Collection:

- Survey responses from
  - ✓ 39 / 40 (98%) provider organizations
  - ✓ 1,205 / 1,738 (69%) PCMH practices
  - ✓ 1,588 Care Team Members (includes those reported as left practice)
  - ✓ 1,248 active Care Team Members
- Practice and Care Team Member profiles collected
- Data collected summer 2020 (July – August)
