Collaborative Care Model: Base Training is designed for Patient-Centered Medical Home-designated practices that have completed the Collaborative Care Model (CoCM) practice assessment and are determined to be ready to implement the model.

The training is intended to help the primary care physicians, psychiatric consultants, behavioral health care managers, and other primary care practice team members gain the foundational knowledge and skills for implementing CoCM. After completing this activity, participants will be able to translate key processes within their practice setting and integrate CoCM into patient visits.

Target Audience: Physicians, Social Workers, Nurses, Administrators

Planners: Edward Deneke

Co-Planners: Lindsay West, Marie Beisel

The University of Michigan Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Michigan Medical School designates this live activity for a maximum of 3.75 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
