Maria Muzik, Samantha Shaw-Johnson
- 10:00 AM - 10:30 AM Building Confidence in the Medical Management of Perinatal Mental Health
Maria Muzik, Samantha Shaw-Johnson

Description

The Perinatal in Collaborative Care training is designed for practices that have completed the Collaborative Care Model (CoCM) Base Training and have completed the Perinatal Practice Assessment with a determination that the practice is ready for implementation. The training is intended to help the medical provider, psychiatric consultants, behavioral health care manager, and other practice team members gain the foundational knowledge and skills for implementing CoCM with the perinatal population. After completing this activity, participants will be able to translate key processes within their practice setting and integrate CoCM into perinatal patient visits.

Target Audience: Physicians, Social Workers, Nurses, Administrators

Planners: Samantha Shaw-Johnson

Co-Planners: Lindsay West

The University of Michigan Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Michigan Medical School designates this live activity for a maximum of 5.5 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
