

Medication Assisted Treatment (MAT) Team-Based Care Proposal & Work Plan

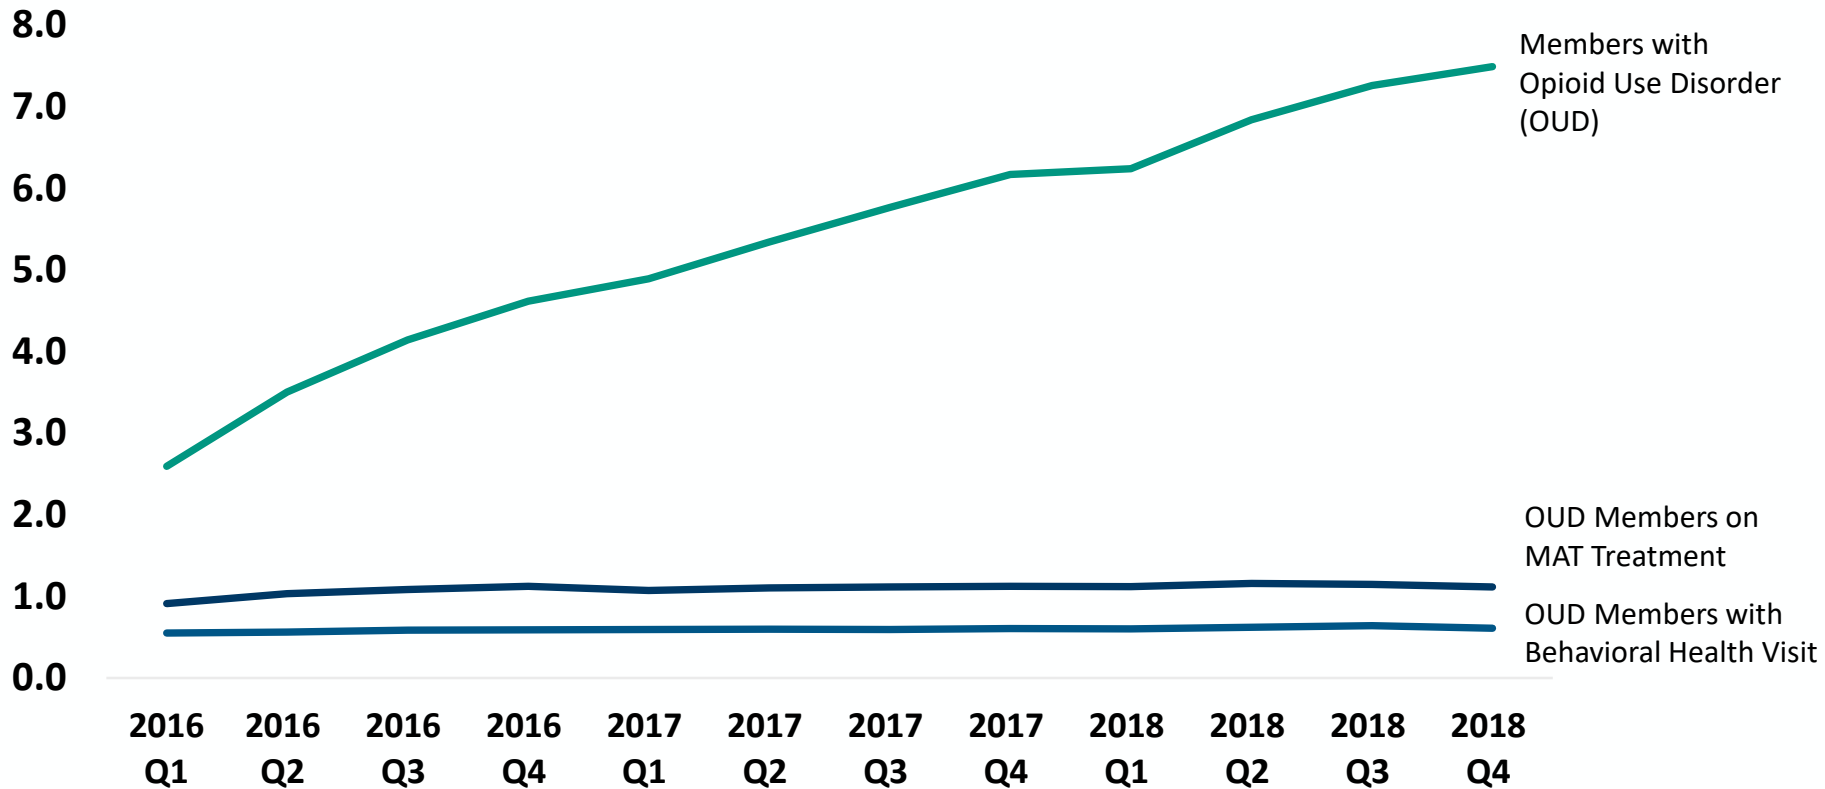

Opioid Related Deaths in Michigan

<https://www.drugabuse.gov/opioid-summaries-by-state/michigan-opioid-summary>

Members with Opioid Use Disorder (OUD) Diagnoses and Treatment (Per 1,000 Members)

Primary Goal

Improve patient care and outcomes for patients with opioid use disorder (OUD) through the establishment of a team-based care support system for waived primary care physicians in direct patient care across Michigan.

Short Term Goal (CY 2020)

Introduce and expand team-based MAT processes within Michigan PGIP POs.

Long Term Goal (CY 2020-22)

Further enhance the care team to provide support to patients with OUD and providers who are treating OUD with MAT.

Proposal to Improve Team-Based MAT Processes

MAT Champion Program

- Identification of PO MAT Champions**  Goal of 10 across Michigan; licensed practitioner who supports MAT processes in primary care setting with MAT waived physician.
- Boot Camp Training for PO MAT Champions**  Coordinated/hosted by MICMT; curriculum collaboratively developed with MAT/MN physicians; based on MN model, expanded to include PDCM overview, purpose of roles.
- Face to Face & Virtual Meetings for PO MAT Champions**  Between MICMT/MOC/MAT Champions to review program metrics and opportunities for improvement.
- MAT 101 Care Team Training**  Coordinated/hosted by MICMT; curriculum collaboratively developed with MOC/statewide training partners; outline critical processes, roles, resources, orientation.
- Monthly Virtual Meetings**  'Hot Topics' related to MAT targeting care teams.
- Marketing Materials**  Sent to POs (ex: video showing MAT Team and their experience).
- Program Evaluation**  Determine impact on health outcomes; coordinate, organize, and summarize self reports from POs; conduct analyses regarding processes of providing MAT to OUD patients.

Program Deliverables

MAT Champion Program for POs

including payment model, training, and scorecard outlining expectations in 2020

Process for evaluating and organizing

the self-reported data regarding MAT patients treated

MAT 101 Launch Training

for any care team member in Michigan

Program Evaluation

focusing on identified program metrics

Virtual, monthly webinars

on MAT topics

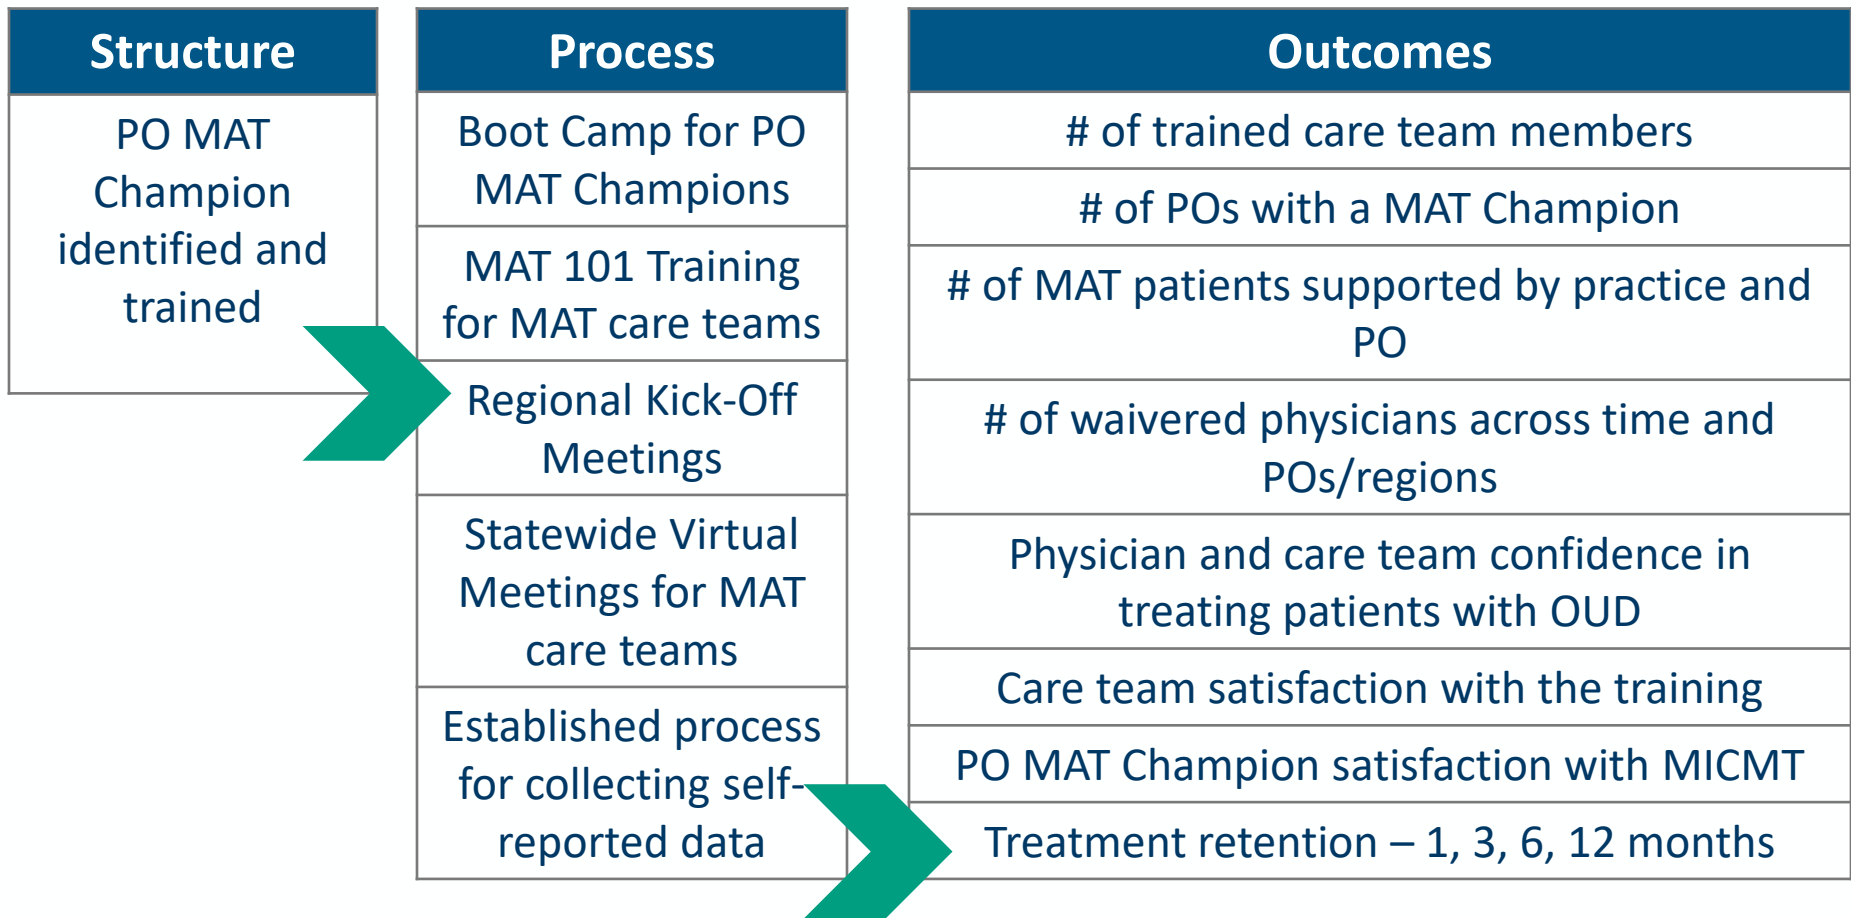

Marketing materials

such as video, on MAT topics as support to practices and the PO

Proposed Outcomes Metrics

PO Level Support

- **MICMT will work with interested POs to identify, train, and provide financial support for a PO MAT Champion by February 14th.**
- PO MAT Champion will function as the amplification method for MAT support within each PO.
- **If the PO elects to identify a MAT Champion:**
 - The PO will receive an initial base award of \$10,000 and incremental payment of \$2,000 based on the number of practices successfully launching a MAT OUD process in the offices – as measured by earning both levels of the MAT Practice Transformation dollars.
 - PO MAT Champion payments should be directed to the hiring organization of the Champion (if it isn't the PO).
 - MAT Champion is expected to provide outreach and support to affiliated practice units as guided by a MAT Champion Scorecard.

2020 Financial Support Opportunities for MAT

PCMH Practice Transformation

- Start up funding to implement MAT delivery
- Up to \$20,000 for practices
- Up to \$5,000 for PO per new MAT practice
- Partner with Michigan Opioid Collaborative (MOC)

Sustainability through Value Based Reimbursement

- 5% PCP
- 5% Specialist

Care Team Development

- Billable through PDCM codes
- Supported by MICMT

To qualify for PO payments, POs must complete an assessment of MAT capabilities and opportunities within your affiliated practices by Oct 11 and submit to BCBSM

Practice Transformation Payments

All patient, all payer, self-reported, de-identified data to be sent to BCBSM for payments. POs will report on behalf of PGP practices

Practice incentive for 'NEW' MAT implementations*

PO payment

\$10,000 for 1st MAT patient with OUD

\$10,000 for 10th MAT patient with OUD

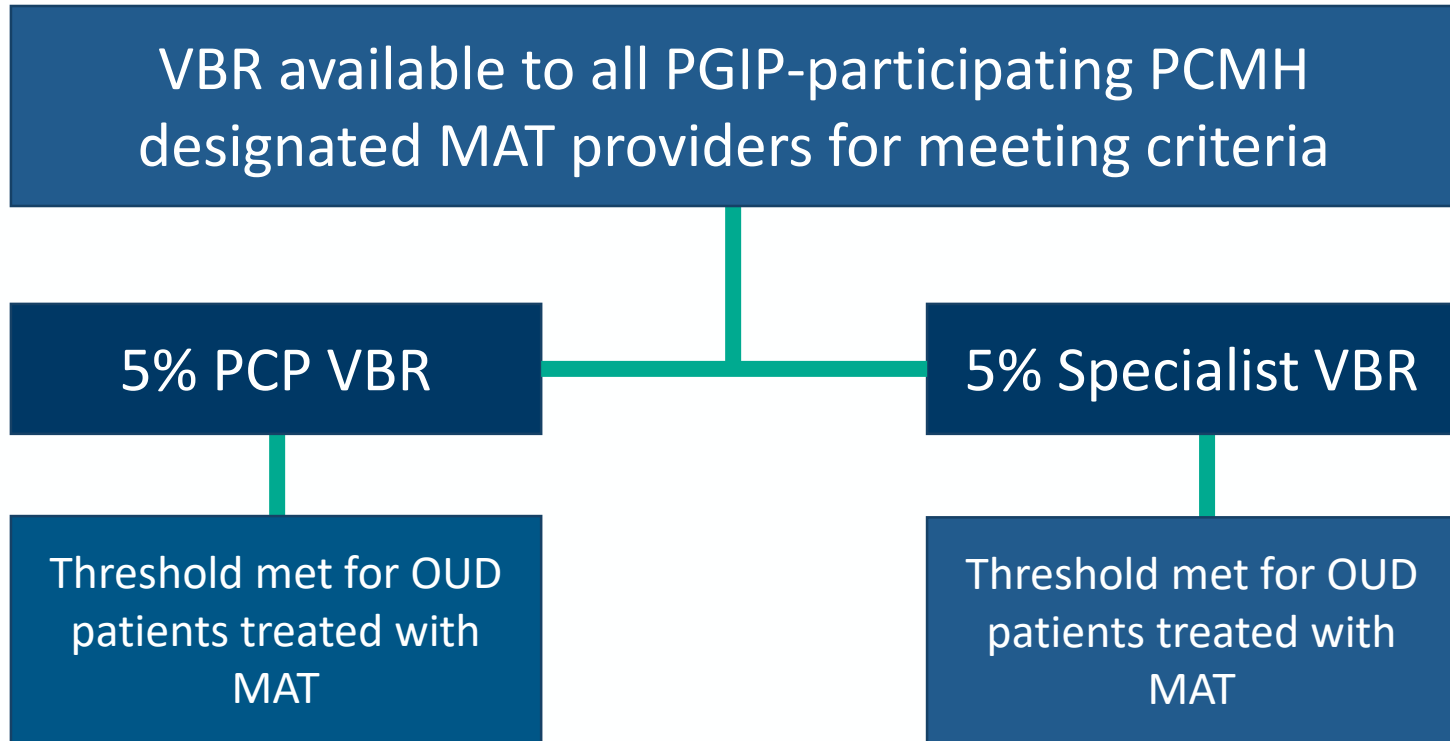

\$2,500 for each affiliated practice earning first MAT payment

\$2,500 for each affiliated practice earning second MAT payment

- Practices must be PCMH designated to earn MAT transformation payment
- Practice must not have provided MAT services from 1/1/2019 through 9/30/2019
- APPs may qualify a practice to earn the incentive
- Treatment defined as
 - Patient is diagnosed with opioid use disorder
 - Buprenorphine or naltrexone delivered for MAT (Methadone does NOT qualify for this program)

Value Based Reimbursement for MAT

- Based on self-reported data
- Practices must be PCMH designated to qualify for this VBR
- Important program dates and threshold of patients to achieve reward indicated on next slide

Payment Timeframe

MAT Incentives	Effective/ Payment Date	Measurement Year Start	Measurement Year End	Self-Reporting Date	Criteria
Transformational	7/1/2020	10/1/2019	4/30/2020	4/30/2020	1st and 10th patients
Transformational	1/1/2021	10/1/2019	10/31/2020	10/31/2020	1st and 10th patients
Transformational	7/1/2021	10/1/2019	4/30/2021	4/30/2021	1st and 10th patients
Transformational	1/1/2022	10/1/2019	10/31/2021	10/31/2021	1st and 10th patients
2020 PCP VBR	9/1/2020	10/1/2019	4/30/2020	4/30/2020	3 patients (shortened eval period)
2021 PCP VBR	9/1/2021	1/1/2020	12/31/2020	4/30/2021	10 patients (standard PCP VBR timeframe)
2020 SCP VBR	3/1/2021	11/1/2019	10/31/2020	10/31/2020	10 patients (offset timeframe)
2021 SCP VBR	3/1/2022	7/1/2020	6/30/2021	10/31/2021	10 patients (standard timeframe)

*All dates are tentative and subject to change

Summary of Incentives

	PO	Practice	PCP Level	SCP Level
MAT Practice Transformation	<ul style="list-style-type: none"> \$2,500 for 1st patient in a practice \$2,500 when practice has 10 patients 	<ul style="list-style-type: none"> \$10,000 for 1st patient in a practice \$10,000 when practice has 10 patients 		
VBR			<ul style="list-style-type: none"> 5% for 3 patients by 4/20/20 5% for 10 patients by 4/30/21 	<ul style="list-style-type: none"> 5% for 10 patients by 10/31/20 5% for 10 patients by 10/31/21
PO MAT Champion Program	<ul style="list-style-type: none"> \$10,000 base pay for participating in MAT Champion Program \$2,000 for each practice that achieves the full \$20,000 Practice Transformation Payments. 			

Expectations for PO MAT Champion

Role as...

- Link between MICMT and PO for MAT effort
- Licensed Care Team Member supporting waived physician; currently working in a primary care office
 - Most appropriate licensures include: RN, MSW, PharmD, Psychologist, APP

Participation in...

- March 10-11, 2020 Boot Camp in Ann Arbor
- An MICMT Regional Meeting in April 2020; participation in MAT 101 Training at meeting
- Creation of video highlighting champion practices and experiences with MAT and treating OUD patients

Collaborative and outgoing

- Willing to serve as MAT resource for other care team members within PO
 - Focus is process support; MOC will support from clinical perspective
- Actively connect patients with MOC as needed
- Willing to learn and share information about MAT/OUD community resources

Scorecard Expectations for PO MAT Champion

Participation in...

- MICMT Regional meeting and MAT 101 Training in April 2020
- Face to face PO MAT Champions meetings in June and December 2020 with MICMT/MOC to discuss progress, outreach success
- Monthly statewide virtual meetings (topic based), coordinated by MICMT/frequently facilitated by MOC, guest speakers, potentially MAT Team.
- Individual discussion with MICMT representative at least once regarding progress on Scorecard goals (between June and December)
- Minimum of one face to face meeting with interested practices in the PO, allowing for an introduction to MOC and explanation of the support model, serving as the facilitator. This may be in a group-meeting setting.

Collaborative and outgoing

- Gather additional data from interested practices, such as one additional self-reported MAT patient count per engaged physician and practice.
- Be available for PO/regional functions and meetings to support better relationship development with physicians in the area.

Practice Level Support

MICMT will coordinate statewide virtual meetings for the care team and physicians that will cover the following topics:

Care Team
Team-based intakes, Inductions and Visits: Key Roles and Considerations for Non-Prescribers
Financial Feasibility and Sustainability: Why Prescribe Buprenorphine in Clinic
Operational Models of Care Panel: What and Who do I Need in Clinic
Pragmatic Issues for Buprenorphine Prescribers
Coordination with Addiction Treatment Programs
Urine Drug Test Practical Applications
Motivational Interviewing Skills
Coordination with Criminal Justice
How to Measure Success

Program Evaluation

MICMT will coordinate the collection, evaluation, and organization of the self-reported data for the BCBSM MAT Incentive program, giving us access to the data needed to:

Evaluate
Program
Metrics

Provide
Feedback
to MAT
Team

Inform
Program
Refinement

Organize
Information
to BCBSM

MICMT will use available data to conduct an evaluation that:

- Seeks to better understand the associations between MAT for OUD and the impact on health outcomes and outreach
- Shows comparative success in MAT implementation across practices with different characteristics

Project Timeline

Activity	2019			2020									
	Dec	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
MICMT Team Boot Camp													
Identify PO MAT Champions													
Boot Camp Training for PO MAT Champion													
MAT 101 Care Team Training													
Monthly, statewide virtual meeting for care team (coordinated by MICMT)													
PO MAT Champion introduction meetings at the PO (MICMT support as needed)													
MICMT/MOC/MAT Team Meetings (program metrics, opportunities for improvement)													
Marketing materials to send to PO													
Program evaluation to determine impact													

Extending to June 2021
