Overview – MICMT Self-Management Support (SMS) Course Trainer Organization Application

Who: Physician Organizations who would like to be an MICMT approved SMS Trainer Organization are invited to submit an application.

- SMS Course Statewide Trainer Organization requirements and Lead Trainer qualifications may be accessed on the MICMT SMS Statewide Trainer webpage.
- A PO or existing trainer organization Manager or delegate reviews the application key documents and completes the web based application

What: The MICMT application is web based and will be used to understand whether or not a specific training program may be approved as meeting training criteria for Michigan payer programs.

- This extends to BCBSM PDCM program, Priority Health Care Management Program and the MDHHS State Innovation Model (SIM) Patient Centered Medical home (PCMH) initiative.
- MDHHS recognizes MICMT approved SMS courses as meeting the SIM PCMH Initiative Care Management and Care Coordinator initial training requirements.
- The web based application requests information about the PO/Existing Trainer Organizations and the SMS Statewide Lead Trainer candidate
- For key documents including the web based application and steps to complete the application, please visit the MICMT SMS Statewide course Trainer webpage.

When: The Statewide SMS Trainer Organization application opens on 9/3/2019 and will remain open.

- **Approved Statewide SMS trainers may start trainings on 10/1/2019**

Background / Additional Information:

- Sources for the MICMT SMS course going forward include:
  - MICMT approved SMS POs
  - MICMT existing approved Self-Management Support courses
  - MICMT will offer a SMS course
  - If a PO becomes an MICMT approved SMS course trainer and offers the course to non-affiliated practices, the PO may charge for the course
  - If a PO decides to not purse becoming an MICMT approved SMS trainer, they may select an MICMT approved SMS course or take the SMS course offered by the MICMT team. There is no fee for the MICMT SMS course.

- All MICMT SMS course materials are available via the Trainer webpage.
- Standardized SMS course content: POs are encouraged to add content to the standardized SMS course to tailor the information which is specific to their organization. Ex. Using self-management for specific patient populations
