## **Question Intent by Domain**

Domain	Intent		
Healthcare	Assess patient/client perception of their physical and/or mental health and potential impact on overall wellbeing and independence		
	Assess healthcare access related to cost, or more broadly, economic stability.		
Food	Assess food insecurity, access and affordability.		
Employment & Income	Assess potential joblessness, and income instability.		
Housing & Shelter	Assess potential risk of homelessness, and housing instability.		
Utilities	Assess risk, not whether there has been a shut off notice or had services shut off, but as a proxy of economic stability. This question intentionally focuses more broadly than service shut off (i.e. includes notices).		
Family Care	Assess whether dependent care may be a barrier to (patient, client, beneficiary) taking care of themselves; assess the potential need for respite care and/or any patient concerns around current family care arrangements.		
Education	Assess patient/client education level, ability for economic independence/stability and potential activation.		
Transportation	Assess if transportation, or lack of transportation, is a limiting factor in daily life (i.e. goes beyond medical transportation).		
Personal and Environmental Safety	Assess potential concerns of personal safety in a broad enough sense to capture potential for subsequent domestic violence screening.		
General	Identify if any of the needs the patient, client, beneficiary indicated above are already being addressed or not, and whether the patient, client, beneficiary is open to assistance activation.  Assess severity of identified needs.
